Ruby and Bonnie
Exchange Gifts with
Family on Valentine's Day

Curriculum Connection:

Visual Arts:

This lesson will integrate **creative expression** through a hands-on Valentine's craft activity enhancing fine motor skills.

Language Arts:

This lesson will encourage communication and expression of feelings through discussions. Students will participate in discussions about feelings, their own experiences, and the importance of showing kindness.

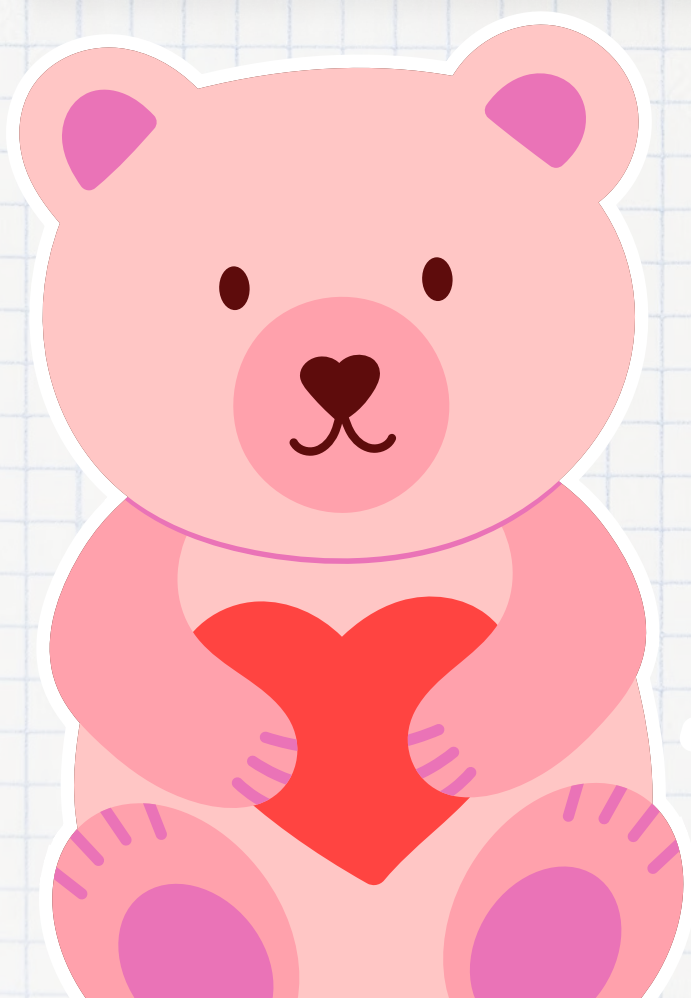

Learning Goals:

Mathematics:

Students will create a Heartfelt Hands craft, dipping both hands in paint and placing them carefully in the shape of a heart and decorating with stickers.

Fine Motor Skills:

Students will engage in discussions about Granny's emotions and their own experiences, fostering communication and expression of feelings.

Ruby & Bonnie Family on Valentine's Day

Lesson Supplies:

- ☒ Ruby and Bonnie Exchange Gifts with Family on Valentine's Day S3E17
- ☐ Heartfelt Hands template – one per student (provided)
- ☐ Pink or Red Washable Paint
- ☐ Valentine's stickers

Lesson:

Introduction

Begin by asking students if they know what Valentine's Day is and when it takes place. Explain that Valentine's Day is a special day when we celebrate love and kindness.

On this day, we show our family and friends how much we care about them. We can give them special cards or gifts to make them feel happy and loved. It's a day to say '**I love you**' to the people we care about. We can give hugs, say kind words, and do nice things for them.

Viewing the Episode:

Show the students Kidoodle.TV's episode of ***Ruby and Bonnie exchange gifts with family on Valentine's Day***, where Ruby and Bonnie receive Valentine's Day cards and give one another cards as well. Ask students probing questions such as:

- Why was Granny sad?
- What did Ruby and Bonnie do to cheer up Granny?

Engage students in a discussion about the importance of showing love and kindness to family and friends. Ask students if they have ever done something special for their family or friends to show love.

Craft Activity - Heartfelt Hands:

Provide each student with a Heartfelt Hands template (provided) with the phrase "Even ten little fingers can't count all the ways I love you with all my heart!" around the heart. Assist the children in dipping both hands in paint, guiding them to carefully place their hands, fingers pointed down, at the bottom of the heart. Encourage students to decorate the outside of the heart with stickers.

Discussion:

Engage in a discussion emphasizing empathy and the positive impact of kindness on emotions.

Encourage students to share what the phrase around the heart means to them.

Conclusion:

Summarize the lesson by highlighting the importance of showing kindness to family and friends.

Ask students to share their crafted Heartfelt Hands with their family members. Reiterate how showing kindness can make friends and family happy.

Extension Activity:

Encourage students to express love in different ways, such as drawing a picture or sharing a favorite toy with a friend during playtime.

Assessment

Assessment during this lesson will be based on the students' engagement in the craft activity, their ability to follow instructions, their understanding of emotions, and their participation in discussions about Granny's feelings and the impact of kindness.
